

SR&ED Manager is an easy, effective way to manage your Scientific Research and Experimental Development projects.

With SR&ED Manager, you can easily track time, manage materials, expenses, projects, employees and objective evidence, satisfying core requirements to file SR&ED.

SR&ED Manager also provides file storage. With file storage you can quickly store and retrieve documents instantly helping build credibility to your SR&ED claim.

A better SR&ED management process...

Perform SR&ED

SR&ED work is performed...labour, materials, etc. need to be accurately recorded for claim.

Add Data to SR&ED Manager

Take your recently performed SR&ED work and enter it into the easy-to-use web portal or mobile application.

Export to Taxprep® or ProFile®

When you're ready to file a claim, simply use the export tool for CCH Taxprep® or Intuit ProFile®.

What can it do for me?

Whether you're a SR&ED consultant or a company managing your own SR&ED data, SR&ED Manager's time tracking software makes online project management easy.

- ✓ Manage all your SR&ED data in one place
- ✓ Input SR&ED data on the go with our SR&ED mobile BlackBerry® & iPhone applications
- ✓ Save time and increase claim size
- ✓ Build more credible SR&ED claims

Software Features

Our SR&ED time management software was developed as a solution to an industry problem in tracking labour and expenses for critical SR&ED. Some of our main features include:

- ✓ Online project management software accessible from any internet connection
- ✓ SR&ED BlackBerry® & iPhone applications for SR&ED management on the go
- ✓ Seamless integration with CCH Taxprep® and Intuit ProFile®
- ✓ Fast, powerful, and easy
- ✓ Automated email reminders and reporting
- ✓ Ability to export to Excel and PDF
- ✓ Highly secure and robust

SR&ED Manager Security

SR&ED Manager takes pride in offering a solution designed with the same standards that the Canadian Banking Industry follows for online security and privacy. Our past experience in secure file storage enables us to provide leading edge security and peace-of-mind for clients that choose SR&ED Manager time management software.

Accurate & Effective Claims

Sound 'objective evidence' combined with detailed SR&ED tracking/recording of materials and labour drives the effectiveness of claims higher.

The CRA is enforcing stricter policies for SR&ED claims, use SR&ED Manager project management software to precisely manage your SR&ED data.

Call (905) 738-6770 to learn more.

On-the-go SR&ED management from your BlackBerry® or iPhone

Conveniently perform all your SR&ED time tracking from your BlackBerry® or iPhone in a matter of seconds! With the SR&ED Manager mobile applications, employees can update time, projects and more on the job site or from anywhere in the world.

- ✓ Add projects on the go
- ✓ Record expenses as they transpire
- ✓ Receive push updates from the web portal automatically
- ✓ Report labour for multiple employees
- ✓ Attach pictures, videos, documents, or voice notes as objective evidence
- ✓ Record labour from anywhere in the world

System Requirements:
